

Governor Leader Addresses Rotary Dinner Closing 41st Conference Of District 268

Governor George M. Leader will be the principal speaker this evening at the banquet in Eddie Plank Memorial Gymnasium concluding the 41st annual conference of Rotary District 268, being held at Gettysburg College.

District Governor John L. Tivney said State Senator Guy Leader, father of the governor, "will be a special guest of the Rotarians at the dinner."

The dinner program will include the invocation by Dr. Philip Bookstaber, Harrisburg; unveiling of U. S. and Rotary flags by the Lebanon club; presentation of guests by the conference chairman, William T. Swaim Jr.; report of the registration committee by Luther Ritter, Littlestown; report of the elections committee by David Kreider, Palmyra; presentation of the district governor nominee; report of the trophy committee by Dr. C. Howard Witmer, Lancaster; an "appraisal of the conference" by Kenneth G. Partridge, director of Rotary International; music by the Hanover Elks chorus; dinner music by the string ensemble of the Hanover public schools; and an address on "Rotary's Jubilee" by Dr. Henry W. A. Hanson.

Wins Quartet Contest

The East Petersburg club won the quartet contest held Monday night. Littlestown's entry was awarded the plaque for second place. Members of the Littlestown quartet included: Robert Snyder, Clair Trostle, Al Bair and Charles Rabenstein. The contest ended in a four-way tie between East Petersburg, Littlestown, Gettysburg and Lancaster East the first time the audience applauded. All four received the top reading on the applausemeter. In the run-off, East Petersburg won and Littlestown was second.

200 Attend Dance

More than 200 attended the dance in the Eddie Plank Gymnasium Monday night. Roy Gibbons' orchestra, York, furnished the music. Today's program opened at 8 o'clock this morning when the presidents and vice presidents, secretaries, club publication editors and program chairmen met for breakfast at the Hotel Gettysburg and held discussion group sessions on the duties of their offices.

A plaque honoring Herbert Taylor, Rotary International president, was unveiled by Past District Governor Paul T. Gingrich, of Lebanon. (Continued On Page 6)

ONE-DAY RULE ON SENIOR TRIP IS RE-AFFIRMED

After a long discussion in which seniors, teachers and directors joined at the April meeting of the Gettysburg Joint School Board Monday evening at the high school, the board stood by its March decision to limit the seniors' Washington trip to a single day.

The vote was taken by a show of hands and the announced result was 18 to 6 in favor of the one-day plan. The matter was brought before the board again by recent action of the Gettysburg PTA asking that the board re-consider and the board's Teacher and Curriculum Committee recommended Monday evening, as it had done a month ago, that the trip be limited to one day.

There was the additional provision, however, that the one-day trip this year be only an experiment or trial. If it works out satisfactorily, it may be continued as a one-day trip but, if it is not satisfactory, it may be discontinued altogether. The board is to get a written report from the chaperons.

In the discussion that came somewhat heated at some stages, the board was accused of "selling the kiddies down the river" and of making a "whipping boy" of the present Senior class.

Director Douglas Smith of the Gettysburg board was the first to speak in behalf of the seniors, four of whom attended the meeting. The group was headed by President Herman Smith of the Senior class. The boys were not introduced but all of them, a half dozen or more directors and Robert D. Fidler, who acted as the spokesman for three teachers, joined in the debate.

Dr. Lloyd C. Keefe, superintendent of schools, re-assured the seniors that the board action was not aimed at them but the result of an accumulation of incidents over the years and because the classes have become too big for trips on the two-day basis.

High School Principal G. W. LeFever reviewed the background of the controversy, told of a survey showing most schools in this area have discontinued such trips. He said the local faculty committee had recommended that the trip be discontinued but carried on as a one-day affair.

LeFever said the faculty action was not a "spur of the moment" (Continued On Page 5)

Ticket Sales Going Well For Lions Here

Tickets are selling rapidly for the Gettysburg Lions' annual show, "Fun and Folly," to be presented next Monday, Tuesday and Wednesday at the New Holland High School, to be presented at the Biglerville Elementary School to hear details of the testing by which it is hoped that all of the approximately 700 herds, both dairy and beef, in the nine townships can be tested, and all work completed by the end of May.

County Agent Frank S. Zettie explained to the farmers that the "ring testing" to be conducted during the week will "quickly decide which milk herds may have the disease. Those that are found to give a negative result will be credited (Continued On Page 5)

FACE CODE CHARGES

Justice of the Peace Charles A. Hemler has sent two ten-day notices for driving overloaded trucks to Clarence Prewitt, Wyndotte, Michigan, and Michael Pitz, Royal Oak, Michigan. Both were arrested Monday by state police on Route 34, Cumberland Twp.

101 BIRTHS IN AREA IN MARCH

One hundred and one births occurred in the Gettysburg district during March according to local Registrar of Vital Statistics Ralph C. Geiselman.

One hundred of the births, fifty boys and fifty girls, occurred in Gettysburg. One female birth was recorded in Freedom Twp. There were no births listed for Cumberland, Straban and Highland Twp. All 14 of the deaths during the month, six males and eight females, also occurred in Gettysburg.

The number of births in March was eight higher than the 93 listed in March 1954. The number of deaths was four less than the 18 recorded last March.

During the first three months of 1955 there were 277 births and 51 deaths in the Gettysburg district. During the comparable three months in 1954 there were 256 births and 60 deaths.

CODE VIOLATORS

Kay Stahl, McSherrytown, has been charged by Hanover police with passing another vehicle at an intersection. William H. Anthony Jr., Littlestown, has been charged with a red traffic signal violation.

Three Rotary Hosts

Three top local men in connection with the Rotary district convention here are the "host presidents." Roy H. Hammond, left, president of the Gettysburg club; S. Edward Murphy (center), president of the Hanover Rotary Club, and Dr. Donald B. Coover, (right), president of the Littlestown club. In addition to their duties as hosts, the three have been serving in other capacities, heading panel discussions, presiding at luncheons, etc., during the three-day session which opened Sunday.

Ready To Give Salk Shots; Start Friday

Dr. C. G. Crist, Adams County medical director, who has been in charge of setting up county arrangements for injections of Salk polio vaccine in Adams County, said today that the announcement from Ann Arbor has given the "go ahead" signal for completion of all arrangements here.

The first inoculations will be given on Friday, Dr. Crist said, and the shots will be given to all first and second graders who have signed permission slips from parents. It is expected that about 2400 public and parochial school children in this county will receive vaccine.

BRUCELLOSIS "RING TESTING" BEGINS TODAY

With John Sheffer, son of Mr. and Mrs. John Sheffer, Gettysburg R. 3, in charge, scientists from the State Bureau of Animal Industry today began "ring testing" of approximately 350 dairy herds in nine townships for brucellosis.

By using a mobile laboratory now located at Sheffer's Park, just north of here, the department specialists hope to complete all of the testing by next Monday.

Monday night dairy herd owners from the nine townships met at the Biglerville Elementary School to hear details of the testing by which it is hoped that all of the approximately 700 herds, both dairy and beef, in the nine townships can be tested, and all work completed by the end of May.

County Agent Frank S. Zettie explained to the farmers that the "ring testing" to be conducted during the week will "quickly decide which milk herds may have the disease. Those that are found to give a negative result will be credited (Continued On Page 5)

LEAVES HOSPITAL

Miss Betty Troxell, Baltimore St., a teacher in the New Holland High School, was discharged from the Columbia Hospital Monday. She had been a patient there since April 2 when she suffered a fracture of the right leg in an auto crash in Columbia. Miss Troxell has returned to New Holland.

MRS. PENTZ BURIED

Funeral services for Mrs. Minnie L. Pentz, late of Adams County, were held this afternoon at the Mummett Meeting House, East Berlin, with the Revs. J. Monroe L. Ter and Samuel Lehigh, of the Brethren, officiating. The pallbearers were Permin, Jacob, Levere, Raymond, Lester, and Eugene Nickman. Interment was in the adjoining cemetery. Mrs. Pentz died Friday afternoon at the home of her brother, Albert W. Nickman, York. She was 75.

NOVELIST FROM BRAZIL TALKS TO ROTARIANS

There are many differences among the Americas, but an understanding viewpoint and human relationships can solve all problems between the nations of the New World, Dr. Erico Verissimo, director of the Department of Cultural Affairs of the Pan American Union, Washington, D. C., and leading Brazilian novelist, told the Rotary convention here Monday afternoon.

Dr. Verissimo was introduced by Franklin Moore, Harrisburg, a past president of the Harrisburg Rotary Club and president of the Inter-American Rotary Association for the last 14 years.

"It is fitting that your district governor chose, as the site for the 50th anniversary convention, Gettysburg where men found out 92 years ago that brother cannot fight brother and either side win. What more fitting than to meet here in a session that is but one throughout the world in which men are thinking of how to get along with their brothers throughout the world," Moore said.

Faults Magnified
"Dr. Verissimo is a very distinguished and very well known Brazilian author, many of whose works have in translation been published here," Mr. Moore added.

Observing "We are living in a wonderful and at the same time terrible period," Dr. Verissimo claimed, "We truly are living today under a cloud, the shadow of the hydrogen bomb. Either we will learn to live with it or we will be destroyed."

"People ask me: 'Why is it in this present day, when this country is giving away so much, it is losing friends?' There are many answers, but principally, when a country is very rich and powerful it runs the risk of being disliked. All of your good qualities are taken for granted, and all defects are magnified not only by your enemies (Continued On Page 6)

THE XI ALPHA CHI CHAPTER OF BETA SIGMA PHI MEETING MONDAY

evening in the sorority rooms on Lincoln Square voted to donate toward purchase of sterile gauze to be used in connection with the inoculation of First and Second grade school children with the Salk polio vaccine.

The sorority is one of several making donations to help pay for materials used in connection with the inoculations so that there need be no charge for the vaccinations. Physicians, nurses and clerks are donating their services, the vaccine will be given free and school boards are providing quarters and some materials. Funds are needed to pay for such things as needles, syringes, gauze, etc., that will be used in connection with the inoculation of approximately 2,400 Adams County children beginning Friday.

The Beta Sigma Phi nationally will present a check for \$16,000 to the American Cancer Society, it was announced.

A rummage sale will be held Friday and Saturday at the GAR rooms on E. Middle St. and a food sale Saturday in Lincoln Square.

Much of the meeting was devoted to a discussion of the Easter egg hunt held by the sorority on April 7 for the children at the Retarded Children's School on E. High St. Mrs. Phyllis Hess presided.

Four children who received dummy shots died of polio as against none of those vaccinated in areas where dummy shots and vaccine were used interchangeably.

In areas where it was known that children received vaccine not one died while there were 11 deaths among children who were being merely observed.

The vaccine protected well against outbreaks of polio within families.

Board Clears Way For Salk Use Here

The Gettysburg Joint School Board Monday evening adopted a resolution authorizing the State Department of Health to administer the Salk polio vaccine to all first and second graders in the joint district whose parents first give their consent in writing.

Today as the word came through from Ann Arbor that the Salk tests have been proven "safe and effective," letters were read to go out to the parents explaining and plan for the free inoculations and giving their consent forms.

The board Monday evening directed Business Manager Kenneth G. Reinhart Jr. to make the necessary arrangements for bus transportation for boys and girls to be brought here from the Hoffman School in Mt. Joy Twp. and from the one-room schools in Cumberland Twp. for the shots.

The first inoculations will be given here April 20 and the others will follow at intervals of one and four weeks.

SORORITY BUYS STERILE GAUZE FOR POLIO WORK

Budget Of Joint School District Given Tentative Approval Monday Evening

4 Generations In "Wedding"

There will be four generations represented in the "Tom Thumb" wedding and Bridal Pageant to be held Thursday evening at 7:30 o'clock in Christ Chapel at the College.

A graduation and bridal gown that was worn for both occasions by Mrs. John S. Teeter, of Taneytown, will be modeled by her daughter, Mrs. Robert Clingan Jr. Also taking part in the pageant will be two of Mrs. Teeter's granddaughters, the Misses Nancy and Margaret Teeter.

In the "Tom Thumb" wedding will be little "Bobby" Teeter, a grandson, and Susan Pitzer, a great-granddaughter of Mrs. Teeter.

Mrs. Teeter has always been active in the College League. Five of her sons attended the college. She is now serving as president of the Woman's League of Carroll County, Maryland.

A \$475,950 budget for the Gettysburg Joint School District in the year beginning July 1 was given tentative approval by the joint school board Monday evening at a three-hour session. Contracts were also let for more than \$27,000 worth of furniture for the new elementary school building and the high school addition.

The preliminary approval of the jointure's budget puts local boards in a budget-making position and the tax rate for the coming year will be set by the Gettysburg and township boards at meetings in the early future.

The jointure's proposed budget is about \$63,000 above that for the current year. Increased enrollments, occupation and operation of the new school buildings and the state-mandated salary increases for the teachers were listed as chief reasons for the increase.

It was pointed out that the increase next year for "instructional services" which is chiefly teachers' salaries, will be about \$35,000.

Final approval of the budget will be on the agenda at the May meeting.

Budget Allocation

The proposed budget distributes the jointure costs among the member districts as follows: Cumberland, \$83,684; Franklin, \$59,940 (secondary only); Freedom, \$19,567; Gettysburg, \$172,457; Highland, \$25,050; Mt. Joy, \$32,425, and Straban, \$83,827.

The board adopted a long report from the Supply Committee after that group had studied bids from furniture suppliers and had examined sample equipment at recent committee meetings. The report was adopted by the board and covers furniture for the two buildings costing nearly \$28,000.

At the Keefeauver building, there was a contract for \$9,703 with the firm of Roberts and Meek for chairs, desks and project tables; \$1,354 to Raymond Home Furnishings for officers' and teachers' furniture; for \$3,332 to Kurtz Brothers for 350 folding chairs and 48 tables for the (Continued On Page 5)

4 TO ATTEND NATIONAL "Y" CONVENTION

Mrs. Frank H. Kramer, Mrs. Conaway Williams, Mrs. Victor Meredith and Mrs. John Murray will represent the Gettysburg YWCA at the national "Y" convention, to be held in New York April 21-27. The announcement was made at the monthly meeting of the YWCA board of directors Monday evening in the "Y" building. Mrs. John S. Rice has been appointed alternate.

Mrs. Frank Kramer presided over the board meeting, and led devotionals. Miss Anne Gilliland, membership chairman, stated that the Y membership now totals 404. The Public Affairs Committee was announced as Mrs. J. A. Blackburn and Mrs. John Rice, co-chairmen. Mrs. Jessie Easterday, Miss Margaret Howard, Mrs. Cora Diehl, Mrs. Earl Bowman, Mrs. W. C. Waltemyer, Mrs. J. C. Donley, Mrs. M. Hadwin Fischer and representatives of the Business and Professional Women's and Annie Danner Clubs.

It was announced that the next meeting of the group would be a May 12 luncheon at the Y. Dr. Robert Bloom, of the Gettysburg College History Department, will speak on civil liberties, followed by discussion. The meeting is open to the public.

A special committee to plan the observance has been named and includes the following: Arthur Buehler, chairman, George Baugher, John Fox, Joseph E. Codori, Fred Haehlein Sr., Hubert A. Gallagher and J. Donald Dillman.

TWO TEACHERS RESIGN AND TWO ARE ELECTED

Resignations of two teachers were accepted by the Gettysburg Joint School Board Monday evening and two teachers were elected as the board attempted to round out its teaching staff for next year.

The directors accepted "with deep appreciation for many years of service" the resignation of Miss A. Grace Sachs, Second grade teacher at the Meade School building who is completing her 50th year of teaching. The resignation will be effective at the end of the current school year.

Forty-eight years of Miss Sachs' teaching were in Gettysburg at the High Street and Meade Schools. She began teaching in Cumberland Twp. from 1905 to 1907. She was graduated from Shippensburg Normal School and took postgraduate work at Gettysburg, University of Chicago, Columbia and University of Pennsylvania.

Elect Music Teacher
The other resignation was that of Mrs. Joan Spangler Sachs, who teaches Junior High vocal music and in several of the elementary grades.

TWO INJURED IN CAR CRASH

Two persons were injured and damage amounted to \$1,550 when two cars collided four miles north of the Caledonia intersection of Route 233 near the Chambersburg reservoir Monday morning at 11 o'clock.

State Police said Daniel E. March, 48, Mt. Wolf, was traveling south when his car struck an auto operated by M. Benner Gosser, 73, Carlisle.

Mr. Gosser was treated at the Carlisle Hospital for lacerations of the face and chin. Mrs. Laura W. Gosser, 69, Carlisle, was admitted as a patient in the Carlisle Hospital suffering from shock. Damage to the March car was listed as \$800 and to the Gosser vehicle, \$750.

Saturday, State Police reported, Barbara Byers, 5, daughter of Mrs. Rhoda Byers, Hanover, was treated for a fractured rib and bruise of both arms and back at the Hanover Hospital after she had been struck by a car operated by William E. Morrison, Philadelphia. Police said Morrison was driving north on Linden Ave., Hanover, when the child darted out from between parked cars.

Chicken House At Littlestown Burns

Littlestown firemen were called to the home of John Leister, 141 W. King St., Monday at 1:55 p.m., to extinguish a chicken house fire. Fire Chief Glenn Ohler stated that Mrs. Leister had been burning leaves, and the wind blew the embers against the chicken house. Two pieces of equipment answered the call.

The chicken house was destroyed, but the fire was kept from spreading. Nothing of value was in the structure at the time. Chief Ohler estimated damage at \$150.

ADMITTED TO BAR

Frank L. Fraley, Harrisburg, a graduate of Gettysburg College in 1949 and the Dickinson School of Law in 1954, was admitted to practice by the Dauphin County Bar, Harrisburg, Monday.

Annual big public post-Lenten party, Wednesday night, April 13, by men of St. Francis Xavier Church, Cards, games, refreshments, etc.

NEW OXFORD PTA HEARS TALK ON "DELINQUENCY"

Judge W. C. Sheely spoke on "Juvenile Delinquency" at the April meeting of the New Oxford Parent Teacher Association Monday evening at the elementary school building there.

He outlined juvenile court procedure and said the court operates on the basis of the belief that "every youngster is basically good." He said it is the court's problem to locate the good qualities, bring them out, find the cause of the misbehavior and apply some cure. The judge said reform schools are used only as a "last resort."

Dr. John Meneses also addressed the PTA and described the Salk vaccine tests and said the injections in the New Oxford area will be given April 18, 25 and May 23.

Next month's PTA program will include a panel that will discuss the first year of the PTA in New Oxford. It was formed only last fall. Charles Hash will lead the panel. Officers will be elected at that meeting. A nominating committee including Selon Dockey, Ben Alwine and Mrs. Norman Wolf was appointed.

Refreshments were served by this committee after the meeting: Mr. and Mrs. Ben Alwine, Mr. and Mrs. Howard Bream, Mr. and Mrs. Richard Higinbotham, Mr. and Mrs. Clark Nitchman, Mr. and Mrs. Henry Weikert, Mr. and Mrs. Dale Shultz, Mrs. Helen Rife, Mrs. James Polhemus, Mrs. Mae Millhimes, Mrs. Thomas Bross, Miss Ruth Hawn, Mrs. Dorothy Wallace and Mrs. R. J. Brendle.

SCOUT MEETING THIS EVENING

All adult personnel of the Black Walnut Boy Scout District have been asked by District Chairman Attorney Eugene Hartman to attend the district meeting to be held in Hartman's office on Baltimore St. this evening at 8 o'clock.

Dal Ellis, chairman of organization and extension for the York-Adams council, and W. Jack Watson, chief executive for the council, will meet with the Black Walnut group to discuss plans for the coming months.

Among activities to be discussed are plans for the May 30 parade participation, the spring camporee, Haines Safari, Camp Tuckahoe attendance, and the Trek planning for next fall. Activities in connection with the current fund drive will also be discussed. So far \$664 has been secured in the drive for \$1,800 in the district outside of Gettysburg.

TILBERG GIVEN ALUMNI AWARD

Dr. W. E. Tilberg, dean of Gettysburg College, received the annual alumni award from his alma mater, Bethany College, Lindsborg, Kan., while on a visit with Mrs. Tilberg at the institution during the Easter vacation. The award was presented in recognition of Dr. Tilberg's interest in his alma mater and "for outstanding service to community, education and church." Mrs. Tilberg is an alumna of the college.

The Easter program at the school, in which they participated, included Bach's oratorio, "Passion of St. Matthew, Friday evening given by the famous Bethany choir, a concert by Miss Blanche Theobom, Metropolitan Opera's mezzo-soprano Saturday afternoon and Handel's "Messiah" Sunday evening.

LEGION READY
TO OPEN SHOW
ON THURSDAY

Everything is in readiness for the presentation of "The Stars and Stripes," a minstrel show to be given under the sponsorship of the Ocker-Snyder Post No. 321, American Legion, on Wednesday and Thursday evenings at 8 o'clock, in the Littlestown High School auditorium.

The minstrel is being presented for the benefit of the community ambulance fund, and all proceeds from the show will go into the fund. The minstrel cast and the evening's entertainment consists of local talent along with the Legionnaires of town.

In addition to the minstrel, there will be specialties by Jay Crouse on the banjo; Clarence L. Schwartz Jr., vocal; Patsy Crouse, song and dance, and Wednesday night only, Hugh Roberts, a student at the local high school, will do a magic act.

Sterling J. Wisotzky will be interlocutor for the minstrel; Mrs. Elizabeth Sell will be pianist and the end men are J. Donald Lemmon, C. Donald Bowser, Beaven Hanlon, Stewart Long, Clyde H. Rohrbaugh and Marvin F. Breighner.

Refreshments will be sold during intermission by the Legionnaires and Legion Auxiliary.

Tickets for the minstrel may be secured from any Legionnaire or at Marvin's Cut-Rate Store or Stites Jeweler. Beaven Hanlon and Stewart

"I WELCOME RAIN"

Each time I see a cloudy sky . . . that soon will weep with rain . . . I think of all the good to come . . . so I do not complain . . . I think of how the thirsty earth . . . will drink to its content . . . and how each tree and blade of grass . . . will glow in wonderment . . . I think how reservoirs will fill . . . sustaining health and life . . . to me each drop of silver rain . . . is an escape from strife . . . it makes the air smell clean and fresh . . . it washes all the land . . . with magic paint from out the sky . . . brushed by a godly hand . . . though rain is ridiculed by some . . . and sometimes it does harm . . . more often it's a priceless gift . . . to city and to farm.

N. Long are co-chairmen of the committee on arrangements for the affair.

Dress rehearsal for "The Stars and Stripes" will be held this evening at 7:30 o'clock.

Plan Annual Supper

The annual Sunday School supper of St. Mary's Reformed Church, Silver Run, will be held on Saturday, May 14, beginning at 3:30 p.m., in the church social hall. The public is invited to attend the ham and turkey supper which will be served family style. The committees for the supper include: Advertising, Robert Myers, Edward H. Leister and Miss Louise Bankert; tickets,

John Dutterer, Emerson F. Muller and John Schaeffer; supply, Cyril Groft, David S. Little and Hugh Yingling; kitchen, Mrs. Evan D. Kline, Mrs. Ernest Stewart and Mrs. Jettie Koonitz; dining room, Mrs. Herbert Myers, Miss Joan Wareheim and Mrs. Edward H. Leister; hospitality, the Rev. Christopher J. Noss and the Rev. Dr. Edward R. Hamme.

About 500 children enjoyed the Easter Egg hunt held on Sunday afternoon by the local American Legion post, on the lot adjoining the post home. Over 1,500 eggs were hidden, among which were 80 prize eggs. The prizes were donated by the Legion and the eggs were prepared by the Legion Auxiliary. The children hunted in two groups; pre-school age and ages six to twelve.

Coming To Meeting

Local Girl Scout leaders are planning to attend the biennial meeting of the Adams County Girl Scout Council this evening at 8 o'clock in St. Francis Xavier parish hall, Gettysburg. The speaker will be Mrs. Henry Lerch, camping chairman of the Washington, D. C., council. Refreshments will be served. All those attending are asked to take their copy of the April "Leader."

Kingsdale Fire Company No. 1 will hold a public party on Saturday evening, beginning at 8 o'clock, in the engine house, along the Taneytown-Littlestown Road, near town. Cash prizes will be given.

Volunteers of the Alpha Fire Company responded to a call on Monday at 1:55 p.m. for a fire at the chicken house in the rear of 141 W. King St. The building, owned by John Leister, which was used for storage, was destroyed by the blaze. It is believed that the fire started from sparks from a nearby brush pile. Damage was estimated at \$150. Two trucks were taken to the scene and water was secured from three booster tanks.

RESCUE 3 FROM
AIRLINE CRASH

SINGAPORE (AP)—The British navy reported that three survivors of a crashed airliner were rescued by a coastal ship today in the South China Sea.

Fifteen persons were still missing, including eight Communist Chinese officials, a North Vietnamese and two Polish journalists—all bound for the African-Asian conference in Indonesia.

The survivors were reported suffering slight injuries.

The four-engine Indian Constellation disappeared Monday night after sending three distress signals. British Royal Air Force fliers sighted the wreckage and empty lifejackets off the Great Natuna Islands, some 200 miles north-east of Singapore, earlier today.

The Constellation Kashmir Princess was one of two Air India International planes the Peiping government had chartered to fly its delegation to the meeting opening in Indonesia next week.

The second, a four-engine Sky-master, will carry Premier Chou En-lai and other top delegates from Kunning, China, over the Himalayas to Rangoon, Burma, tomorrow.

WILL NOT WED
DAVID SCHINE

HOLLYWOOD (AP)—Piper Laurie says that right now she isn't going to marry "him, or anyone else." The "him" is the Army's famous private first class—G. David Schine.

They were seen on dates together when Schine, now a military policeman at a fort at Anchorage, Alaska, was in Hollywood. Rumors set wedding bells prematurely a-tinkle yesterday when an unsigned marriage license for the pair, dated April 5, popped up in official files in Anchorage.

Schine, 26, had no comment. Miss Laurie, who is 21, said through her studio:

"David Schine and I have been friends for several years and have dated intermittently during that time. But right now I have no plans to marry him or anyone else. And I have never taken out any marriage licenses."

Schine, center of the stormy Army-McCarthy hearings in 1954, has been a member of the Ft. Richardson military police detail in Alaska since last fall.

ATTENDANCE
RECORD IS SET

A large congregation attended the Easter morning worship service in Centenary Methodist Church. The pastor, the Rev. Herman E. Stenger, presented an Easter message on the subject "He Lives." The Scripture lesson was read from Luke 24:22-53. A solo "The Robe of Calvary" was sung by Miss Pansy Knight. The Lenten self denial offering was received and dedicated. Holy Communion was administered at the service.

During the worship the Rev. Mr. Stenger baptized Jennifer Jo Frock, daughter of Stanley and Jean Miller Frock, Taneytown, and Robert Kenneth Gillespie, son of Garlan and Carrie Petry Gillespie, of town. Mr. and Mrs. Lee Kerns and Mrs. William Fuss were received into membership on Easter Sunday. The church was decorated with lilies placed in memory of Harry Babylon by Mrs. Bertha Babylon; in memory of Mr. and Mrs. Lloyd Baughman by Mrs. Bertha Harner; in memory of William Harner by the William Harner family, and other lilies were placed by youth groups of the church and the pastor. Baskets of flowers were placed in memory of Mrs. Hazel Snyder by Mrs. Joseph Baughman and in memory of Terry Burr by Mr. and Mrs. Arthur T. Burr.

A new record attendance was set for the third time this year in Centenary Sunday School on Easter with 72 in attendance. The record has stood at 60 since June 3, 1951. On January 23, 1955 it was set at 67 and on February 20, at 70.

The choir of Centenary Methodist Church will rehearse on Thursday evening, 7:30 p.m.

Prize Awarded to Roger Musselman: The Gettysburg Chapter of the Daughters of the American Revolution has awarded for the first time the five dollar prize for the best historical essay written by a student of the High School, to Master Roger Musselman, with 1st honorable mention of Miss Virginia Beard and 2nd to Miss Kuhlman. The subject was "Some Secret Influences in the Development of the American Revolution." The judges were Mr. Aaron Sheely, Dr. John A. Himes and Rev. D. W. Woods Jr. The ladies on this committee were Mrs. H. B. Nixon, Mrs. D. P. McPherson, Miss Grace Culbertson and the historian, Mrs. James W. Richard.

More Removals: C. E. Spangler moved from the house he recently sold to the Reformed congregation, Carlisle St., to the Hennig house which he recently purchased, on the same street.

Elmer Dubbs from Angeline Deardorff house to house of Isaac Deardorff, de'd, on York St.
Fred Kappes from Railroad St. to house vacated by Mr. Dubbs.
Wm. D. Eppley from Angeline Deardorff house, York St., to Charlotte Moore house on same street.

Albert Minnigh from Baltimore St. to one of William H. Tipton's houses on York St.
George E. Witmor from Straban Township, to Wm. Frey's house, Stratton St.
John T. Oiler from Harney, Md., to Weaver property now owned by J. A. Tawney, W. Middle St.
Calvin Shank from Foulk house, W. Middle St., to Hake house, same street.

Harry Ridinger from High St. to Warren house, W. Middle St.

Dr. Hartman Jail Physician: Owing to ill health Dr. T. T. Tate tendered his resignation as physician at the jail, and the Commissioners elected Dr. H. W. Hartman in his stead.

Property Sales: Martin Winter has old to S. S. Neely, Esq., the house and lot now occupied by him, cor. Washington and Lincoln Sts., also, to Mrs. L. E. Reiling a lot of ground on Water St.

Found Dead On Bed: Once more we are forcibly reminded that in the midst of life we are in death. This solemn truth was again impressed upon the people of Gettysburg, when, on returning home from Xavier Hall, where she witnessed the play of "David Garrick" Wednesday evening, Miss Lulu Hankey was shocked to find her mother, Mrs. Adeline Hankey, lying dead across the bed. The body was yet warm, and Dr. Diehl, the family physician, was summoned, who pronounced it a case of apoplexy.

Mrs. Hankey was feeling well in the evening, ate a hearty supper and was lively. Deceased was the widow of the late Jacob Hankey and was a kind lady. For 22 years the family has resided at Christ Church, Mr. Hankey having been the sexton up until time of his death, which occurred 11 years ago. Since that time Mrs. Hankey has performed the sexton's duties.

Death of Miss Alice C. Powers: Miss Alice C. Powers, a most estimable and probably the best known resident of Gettysburg, died yesterday afternoon at 3:30 o'clock at the residence of her nephew, John McDonnell, W. Middle St., after a brief illness from a complication of diseases in the 63rd year of her age.

She was born and reared in Gettysburg and at an early age became an instructor in the public schools and for nearly half a century was engaged in training the minds of children, many of whom received their first instructions from her and who have become prominent citizens of this and other sections.

Her familiar form will be missed in the Sunday School and church, in which she was a life-long worker, having been superintendent and a teacher in the infant department of St. James Lutheran Sabbath School for nearly a half century. When you come to Gettysburg

Today's Talk

REPLACEMENTS
No matter how strong a building or machine is built, constant replacements must be made. There must forever be a renewal. I see great buildings being torn down to make way for another structure that will be up-to-date, and in tune with the efficiency of the time.

We thought our first automobiles were very wonderful, but they look very strange against our latest cars. Those early cars called for almost constant replacement to keep them going. But even today though there are fewer replacements to be made, if they are not made, trouble has to be faced!

The structure of character needs constant replacements — bad habits dropped and good ones created to put in their place. No matter how good any idea may be, there is always a better one, and this is what makes for progress, whether of an individual or business.

If some of our stubborn ways, our positive notions (without proof), and many of our harmful manners of living could be replaced with something better and always constructive, how much happier we would be, and how people would make a rush to be with us, and to know us!

There is a great deal in us all that needs repairing and replacing. Sometimes repairing is made but with no new replacement! We can run our motor car no longer than the capacity of our gas tank. Then there must be a gas replacement. It's the same with energy. It can last only so long. Then the only thing that can replace that energy is rest and relaxation.

Nature doesn't like being rebuffed and so she often deprives us of things that cannot be replaced. If we are wise we will keep strengthening this character of ours in eve way possible, trying to fit it for all emergencies. To do so is to court genuine success and a life of usefulness.

Tomorrow Mr. Adams will talk on the subject: "On Giving Encouragement"

Just Folks

AWKWARD MAN
I read what social readers write.
My party manners are correct.
My party speech is most polite.
I sit up straight and stand erect.

But when it comes to cakes and tea
I am a creature of despair.
A helpless man I seem to be
Without a table and a chair.

I bow to ladies when we meet.
"A lovely party, this," I say,
But asked to stand to drink and eat
I am confronted with dismay.

That little napkin, plate and cup
Are terrifying things to me.
For at the moment I look up
Upon the floor the cakes will be.

Of dainty tid-bits I'm afraid.
However tempting they may be.
I've never learned the juggling trade;
That's much too difficult for me.

The party napkin slides away,
The spoon goes flying from the cup.
No social graces I display
When I must eat while standing up.

Man Like SWOLLEN BALLOON Due to Gas

Recently a local man said he was so bloated after meals he felt like a swollen balloon. His food always turned into gas. He was weak and nervous. But now he is free of gas, feels "like new" and says the change is due to taking SYS-TONE.

SYS-TONE is helping such stomach victims all over Gettysburg. This new medicine contains vitamins, minerals and herbs. It clears out gas, makes stronger nerves and builds richer blood. Weak gas-filled, nervous people soon feel better all over. So don't go on suffering. Get SYS-TONE—Peoples Drug Store.

THREE MISHAPS DEFER FUNERAL

MENA, Ark. (AP) — Three traffic accidents in different parts of the nation have resulted in an indefinite postponement of funeral services for Albert A. Philpot, originally scheduled for Monday.

The 75-year-old retired Polk County farmer and stockman died Friday and relatives from California and Texas began automobile journeys here.

A traffic accident on Sunday near Seymour, Tex., critically injured a son, Otis Philpot, of Fresno, Calif. His sister and three other members of his family were not seriously hurt.

Another son, A. J. Philpot, also of Fresno, was reported in critical condition at an Idaho, Okla., hospital after the car in which he was riding skidded on wet pavement on Sunday and crashed into a tree. His son Alton Ray, 7, was reported in "good" condition at a Texarkana, Ark., hospital where he had been transferred with serious head injuries. Others in the vehicle escaped serious injury.

A third accident had forced cancellation of a planned trip here by Sam Miller, of Tahoka, Tex., a brother of the deceased man's widow, and his wife. They had driven 100 miles when their car smashed into a bridge. Their injuries were described as not serious.

Because no flue or vent is needed, the electric water heater can be installed close to the equipment which it serves. This means greater efficiency and lower operating cost because short pipe lines cut hot water costs—no waiting for large amounts of cold water to be drained from pipes (as in long runs) before getting hot water.

This family is always in hot water

"In my mother's day, Judy, they had to heat water on the stove—even for a bath. Then came water heaters you had to light. Now our Electric water heater gives us hot water just as easily as we get cold water—by turning a faucet. It's completely automatic. We never ev-

en have to think about it. Can you imagine what we'd do without it?"
"I can't, Mom—and I can't imagine having to heat water when I need it!"
"Judy, you don't know what automatic hot water really is until you have an Electric water heater! It's so dependable."

DID YOU KNOW with an electric water heater you can:
Make installation anywhere...no flue nor vent needed...it burns no fuel...it is entirely enclosed and cool to the touch...enjoy clean operation because there is nothing to create dirt...it's electric...have all the hot water you need, as hot as you need it day or night without attention.

The dishwasher, as well as the clothes washer, works best with an electric water heater because it needs plenty of hot water at correct temperatures for efficient operation.

For bath and shaving or just "washing up", there's hot water at the turn of a tap with an electric water heater. This family has a model large enough to supply its needs. Complete insulation keeps the water hot.

Charlie Dressen Starts Off In New Job In New League With Win; Beat Orioles 12-5

By JOE REICHLER
The Associated Press

Charlie Dressen is right back where he was when he left Brooklyn in first place.

He's in a new league and a new town, but the peppery little guy who quit the Brooklyn Dodgers in 1953 after leading them to two successive pennants is still riding high.

After his first game as manager of Washington, he and his Senators find themselves right on top today by virtue of yesterday's 12-5 opening day victory over Baltimore in the American League's only game.

The rest of the circuit gets going today.

The National League had an early opener too. This was ruined for the home folks, however, when Chicago thrashed the Redlegs 7-5.

Cubs Blast Pitchers
The Cubs blasted four Cincinnati hurlers for 11 hits, including home runs by Gene Baker and Harry Chitt. Ted Kluszewski, 1954 home run king, hit one for the Reds.

In Washington, a pair of veteran right-handers — President Dwight D. Eisenhower and Bob Porterfield — combined their talents to throttle the Orioles with six hits.

The chief executive jinxed Washington's opposition for the second straight year, tossing out the first ball. Porterfield picked up from there and went the distance. A year ago, the Senators beat the New York Yankees 5-3 in their opener.

All 16 clubs swing into action today. Kansas City makes its American League debut at the refurbished Municipal Stadium against Detroit. The city whooped it up for its new heroes yesterday with a colorful parade through the downtown streets. It hopes to do the same today after southpaw Alex Kellner takes the mound against the Tigers' Ned Garver.

Today's largest crowd is expected in Cleveland, where some 50,000 fans may see the Indians take on the Chicago White Sox.

The runner-up New York Yankees open at home against Washington.

Baltimore faces the Boston Red Sox. Joe Coleman is slated to face Frank Sullivan of the Red Sox.

The National League lines up with New York's champion Giants at Philadelphia, Pittsburgh at Brooklyn, Cincinnati at Milwaukee and St. Louis at Chicago.

Robin Roberts makes his sixth straight opening game start for the Phils. He will be opposed by 21-game winner Johnny Antonelli.

Warren Spahn takes the mound for the Braves against Cincinnati's Gerry Staley in Milwaukee.

SEGREGATION NOW BEFORE U.S. SUPREME COURT

WASHINGTON (AP) — Arguments before the Supreme Court on how and when to wipe out racial segregation in the public schools moved briskly today with attention focused on Virginia and South Carolina.

Those two states, like Kansas and Delaware—whose views were given yesterday—want time and freedom to integrate in their own way.

But attorneys for Negro children in all four states want the high court to order color lines eliminated by the start of school next fall; certainly not later than September 1956.

Both sides agree for the most part that the Supreme Court should turn over to lower federal courts the job of supervising the desegregation process. However, the states want the district courts to be given little if any instruction on how to carry out the task while the Negroes insist the Supreme Court should spell it out.

Some Defy Court
The Supreme Court last May 17 ruled unanimously it was unconstitutional for the states to maintain separate schools for whites and Negroes. But it put off until now trying to decide how and when unified school systems should be achieved.

Some deep south states—Georgia, Louisiana, Mississippi and South Carolina—have said they will keep their separate schools regardless of what the supreme court does.

Virginia has told the court "prolonged social disorder" will result if desegregation is pushed too rapidly.

The cases before the court deal with students in specific localities in Kansas, Delaware, Virginia, South Carolina and the District of Columbia.

However, any ruling will directly affect all 17 states which have complete or partial segregation.

40 LEADERS AT SESSION HERE

Forty attended the Local Leaders Training session held by the 4-H Clubs of the county at the Court House Monday evening.

Nancy Slusser served as general chairman. Cyrus Bucher, Biglerville, spoke on "Good Leadership." He told the group: "It is the universal instinct for people to be together in groups. All groups need good leaders. Poor leaders lead the organization to destruction."

"It takes a lot more effort to step out of a crowd and lead them than to sit idly by and let someone else do it. As a leader you must come prepared to do your job, you cannot wait until the night of the meeting and hope that it will come out at night. And as a leader you must be prepared to follow through, to see that things are done. It is of little value to hold meetings unless someone follows through and sees that the plans suggested are carried out."

Unit discussions were held with Assistant County Agent John Nangle in charge of the session for presidents and vice presidents; Miss Florence Finger, county home economics extension specialist, secretaries and treasurers; Miss Teresa Murren, news reporters; Mrs. Glenn Stern, song leaders, and Associate County Agent Fred H. Atlinger, game leaders.

Following the unit meetings reports on each session were presented at a resumed general meeting by Barry Breighner, news reporters; Glenn Zepp, presidents and vice presidents; Ruth Ann Nace, game leaders; Shirley Sterner, song leaders, and Ted Crouse, secretary-treasurer. A model meeting was held. The session closed with a game period conducted by Thelma Bentzel, New Oxford.

Lowry, a 25-year-old ex-Marine from Toledo, Ohio, finished with a rush last night to score a majority decision over the 23-year-old Adams in a telecast 10-rounder at St. Nicholas Arena. The crowd-pleasing Ohio Irishman landed enough overhand rights to the head in the last two rounds to edge Peley in the scoring.

Referee Barney Felix had Pat in front, 5-4 in rounds. Judge Joe Agnello saw it even in rounds, 5-5, but cast his ballot for Lowry on points 6-5. Judge Harold Barnes had it exactly even, 5-5 in rounds and 8-8 in points. The AP card had Lowry ahead, 5-4-1.

Adams had a three pound weight edge, 152½ to 149½. The Newark, N. J., Negro had contracted to make 151 and he was suspended for 30 days for failing to live up to the agreement.

Giovannelli Wins
In the other network telecast bout of the night, Danny Giovannelli of Brooklyn used his seven pound weight edge—150 to 143—to bull out a one-sided, 10-round decision over Denmark's Chris Christensen at Eastern Parkway Arena. The victory stretched Giovannelli's unbeaten string to five.

After absorbing a series of stringing left jabs that reddened his face in the early rounds, the 22-year-old Brooklynite wore down his skinnier, 28-year-old rival with a two-fisted body attack and plenty of rights to the head to win big. The votes for Giovannelli were: Judges Artie Aldala and Frank Fullam, 9-1 each, and Referee Ray Miller, 8-1-1. The AP card had it closer, 7-2, for Giovannelli.

Allie Reynolds Sues For \$235,250 Damages
PHILADELPHIA (AP) — The Philadelphia Transportation Co. has been sued for \$235,250 damages by former pitcher star Allie Reynolds of the New York Yankees.

Reynolds, who retired this year, claimed he suffered "severe, painful and permanent" injuries when a chartered PTC bus in which he was riding crashed under an elevated train trestle here July 7, 1953.

Reynolds attributed his retirement to a recurring back ailment.

BRUCCELLOSIS
with being free of brucellosis. Those herds which provide a positive result will be blood tested to determine whether any animals within those herds may have the disease. The ring test not only spots brucellosis but several other diseases. Through use of the mobile unit for ring testing however we cut down the number that have to be blood tested by possibly 90 per cent and thus expedite the work."

To Leave Bottles
Collectors will go to the farms starting this evening and leave bottles for samples, give instructions and provide a questionnaire. Then they return the next morning, pick up the samples and return them to the mobile lab. The owner of the herd gets an answer whether his herd is free of the disease within about 48 hours.

Beef herds within the nine townships are to be blood tested along with the milk herds showing a positive reaction to the ring testing so that "the whole district can be cleaned up in short order. We need the cooperation of veterinarians, herd owners, everybody, to achieve the goal of having all herds tested by the end of May. But the state has appropriated the money for the testing. There are funds available till then to pay for animals that are found to have the disease and must be disposed of," Zettie said.

The townships involved are Franklin, Menallen, Butler, Tyrone, Cumberland, Mt. Pleasant, Union, Conewago, and Huntington.

The outstanding indoor athletic team at Notre Dame for the past four years was the fencing team. The fencers compiled a record of 12 wins against three losses.

CLUB MEETS WEDNESDAY

MELBOURNE MAY LOSE OLYMPICS

CANBERRA, Australia (AP) — Avery Brundage, president of the International Olympic Committee, flatly warned Australia today that the 1956 Olympic games will be removed from Melbourne if that city is not ready in time for the opening.

Brundage told a press conference he had a cable in his pocket from one city asking to take over the games and said there had been requests from others. He was not prepared at this stage to say who the other cities were.

"We are not threatening to take the games 'from Melbourne, for it would be a big embarrassment to us if that happened," Brundage said.

He spoke after meeting with Prime Minister Robert Menzies. "I have looked over the preparations carefully and it is possible to do the job with credit to Australia, but judging from the record to date, it is a grave question whether it will be done," he said after conferring with Menzies.

PHILADELPHIA (AP) — Philadelphia still wants the 1956 Olympic Games if Melbourne, Australia, can't get ready for them in time.

That word was sent yesterday to Avery Brundage, president of the International Olympic Committee, by John B. Kelly Sr., and Arthur C. Kaufmann, co-chairmen of the Philadelphia Olympic Committee.

ONE-DAY RULE
(Continued from Page 1)
matter but had crystallized in January or February as the result of studies. Mr. Leifer pointed out that class funds normally pay only a small part of the trip expense. Last year individuals had to pay \$11 each for the journey and only \$3 each was taken out of class funds.

The first purpose of the annual yearbook expenses, he said.

Educational Value Unhurt
Mr. Fidler said the educational value of the trip would be only slightly impaired by the reduction to one-day. Mr. Vernon and possibly the zoo would have to be cut out, he added. He said the "troublesome minority" in each class caused trouble only at night and the one-day plan would eliminate that problem.

At the request of a director, he read the faculty committee's full report and reasons for urging a single day for the trip.

There were suggestions numerous times that parents, extra teachers and maybe some directors go along as chaperons. Fidler said the only adequate number of chaperons would be "one for each hotel room."

In answer to a direct question, Fidler said 13 bottles of whiskey or wine were found in 11 suitcases on a search on last year's trip. "We found later we had missed one or two," he added, "and those whose property we confiscated simply went out and got more." Seniors this year had offered a set of rules on which they would police themselves, including a suitcase inspection before departure, signed consent slips from parents and the threat of "expulsion" for rule violations.

One director suggested that if parent-teacher-director chaperons are available, the trip be undertaken in June after school closes. One Senator replied the class wants to prove to the school it can handle the trip as a school function.

cafeteria and all-purpose room; to A. S. Aloe Company, for health room furniture, \$89; Roberts and Meck, \$135 for health room furniture and \$2180 for window shades.

Purchase Furniture
Furniture purchased for the high school addition include: Superintendent's office furniture from R. W. Wentz and Sons for \$1,572; principals' office, from Raymond Home Furnishings for \$571; teacher room, classrooms and business machine room, Garrett Buchanan Company, 210 chairs, \$4,398; for desks, Roberts and Meck, \$1,645; 72 chairs, 12 desks and teachers chairs, from Raymond Home Furnishings for \$1,554; eight chairs from Raymond Home Furnishings for \$126; key cabinet from Kurtz Brothers for \$44; teachers' room furnishings, Raymond Home Furnishings, \$738, and 14 tables for the business machine room, \$361.90 from C. A. Eichenlaub, Inc.

After a report from the Property Committee the board decided that state approval be sought for fire doors between the old and the new sections of the high school building because of a prospective annual saving of \$999 a year on insurance premiums on the new section. The doors were in the original plans but were struck out by the state. The doors will cost less than \$1,500 each.

Patronize Local Agencies
The board voted to insure the new buildings through local agents rather than from a Philadelphia firm specializing in writing that type of insurance.

The board adopted committee recommendations that two janitors be employed at the Keffauver Building and one additional janitor at the high school. The minimum salary for janitors was set at \$2,300. Two additional secretaries will be employed, one at the elementary building and another at the high school. There was discussion on securing a cafeteria manager for the Keffauver building and the matter was left in the hands of the Property Committee.

Another Property Committee recommendation listed exterior painting at the high school for the next fiscal year. Sidewalk building and repairs and extension of the high school track to provide a 220-yard straightaway will be completed before July 1.

Contract On "Intercom"
Simplified plans for the completion of the intercommunication system in the old section of the high school brought bids Monday evening on a job that last year was estimated at about \$10,000.

The contract was awarded to the Hull Electrical Service for \$4,736. The other bidder was Miller Brothers of Mt. Wolf at \$5,400. The

under levy; Robert L. Gardner and Benjamin V. Gardner, York Springs R. 2, obstructing an officer in the service of process; Lester Tyler, Fairfield, morals charge; H. A. TROUT SEASON OPENS FRIDAY

HARRISBURG (AP) — The 1953 trout season will open on schedule Friday despite a "very dry condition" in state woodlands, the Forests and Waters Department reported.

"The recent dry weather, coupled with winds that whipped the moisture from the land, have brought about a threat of forest fires but not one great enough to hold the fishermen back from their opening day," said Maurice K. Goddard, forests and waters secretary.

The trout season opens at 5 a.m. Friday and continues through July 31.

The secretary yesterday urged all fishermen, campers and others using forest lands to "exercise caution in avoiding forest fires."

Many Fires In State
"There have been a great number of forest and brush fires in the state during the last two weeks and most were caused by people burning debris and brush at camp sites and other spots in the suburban localities," Goddard explained.

The Fish Commission, meanwhile, looked for a "good first day" with a million and a half brook, brown and rainbow trout stocked during the last few months.

The commission also said field force reports indicate "an excellent carryover of trout in the streams from last year."

Legal length for trout is six or more inches with each fisherman allowed a total catch of eight on any one day.

Permission was given Mrs. Ernest Krape to present an art exhibition in the Y building on April 30. It will include the work of local artists, under the direction of Mr. Krape.

Mrs. Guyon E. Buehler reported on the last meeting of the Women's Civic Council. The board passed a motion requesting that the town council purchase the High School property for the borough.

Mrs. Elmer J. Yoder, volunteer personnel chairman, thanked Mrs. Florence Grider, Mrs. Allen Harmon and Miss Martha Lantz for their services during the month.

Mrs. Williams, as executive secretary, reported that during March 113 meetings were held in the Y building, with 1,231 people attending and 87 volunteers helping.

work is to be done over the vacation period and when complete will give intercommunication connections throughout the high school building. The number of speakers was reduced below original proposals and clocks were eliminated from the hookups.

A change order to provide for a catwalk and a ladder above the stage in the new high school auditorium was authorized at a cost of \$1,385 with the present contractor to do the work. On advice of counsel and after conferring with parties involved, the board decided against awarding the job to non-union outside contractors because of the possibility a strike now might tie up the whole project and make it impossible to complete the work by commencement time.

The board approved a finance and planning committee recommendation that the business manager be given a \$200 salary increase in the year beginning July 1.

The final board inspection of the Keffauver building was announced for Thursday afternoon at 1 p.m. Dr. R. D. Wickerham, board president, who presided, announced the county directors' convention for next Tuesday and urged the directors to attend.

Monthly bills totaling \$2,967 were ordered paid.

Monthly reports were approved showing these figures: First National Bank, treasurer, general fund balance of \$29,067; Athletic Association, balance of \$1,906 after receipts of \$90 and expenditures of \$674; activities fund balance of \$12,512; cafeteria fund balance of \$2,026 after cafeteria receipts of \$3,491, federal aid of \$624 and expenditures of \$4,386.

LIONS TO HONOR JOHN STICKLEY

The Lions and ladies of District 14-C, Pennsylvania, will honor John L. Stickley, second vice president of Lions International, Wednesday, April 27, at 6:30 p.m., at the North York Playground Auditorium, York. It was announced today by Leon K. Wagner, district governor, Newville.

Lion Stickley was elected last July at the International convention in New York City. He had previously served as third vice president as well as international director for two years. He has occupied the position of district governor of District

Wednesday's program calls for three baseball games and a track meet. York Springs plays at Biglerville, Littlestown at Hanover in scholastic baseball while Mt. St. Mary's College makes its Syracuse debut in playing host to Syracuse University at Emmitsburg. Biglerville, East Berlin and Boiling Springs will stage a triangular track meet at Boiling Springs, the meet having been postponed from last Thursday due to unfavorable weather.

Seek Third Straight
Gettysburg College goes after its third straight baseball victory at the expense of Western Maryland at Westminster to head the Thursday card. Mt. St. Mary's plays at Loyola while Delone is at Littlestown High.

Howard Shoemaker's Gettysburg High baseballers open their campaign Friday at Boiling Springs. Biglerville is listed for a return game at Delone. Friday's program also included a golf match between Western Maryland and Gettysburg College here, the Bulls opening under their new coach, Bob Davies.

The big event Saturday will be the Shippensburg State Teachers College Invitation track meet in which the Gettysburg High Warriors are the defending Class A titlists. Biglerville is entered in the Class B events.

The Gettysburg College baseball and tennis teams will be at Muhlenberg Saturday while Mt. St. Mary's is host to Catholic University in baseball.

**First Race Sunday
At Williams Grove**
WILLIAMS GROVE, Pa.—Kingpin of the Eastern circuit two years ago, "Joltin' Joe" Sostilio, an 18-year veteran of the hazardous "sport of men" who hails from East Natick, Mass., has notified Roy Richwine that he will hit the come-back trail this Sunday when the big cars are rolled out on the Williams Grove Speedway for the first race of the 1955 season on the half-mile oval under sanction of the AAA Contest Board.

The 39-year-old star of big car and midjet racing, holder of the AAA Eastern Championship title in 1953, will make his bid to win the 30-lap feature race behind the wheel of the former Fred Tomshie Offy, now owned by Ed Stone.

Among the New Englander's stiffest competition entered for the inaugural to date are Johnny Thomson, Springfield, Mass., the defending title-holder, and Charlie Musselman, Collegeville, Pa., who will drive as stablemates for Allen-town's Sam Traylor.

LOCAL HOUND PLACES
"Gettysburg's Sis," an 11-month old pup owned by Roy E. Zinn, Hanover St., placed in the 13-inch beagle class Eastern Federation Derby trials held Sunday at the Swatara Running Grounds, Middletown R. CALL FIREMEN TO 2 BLAZES IN EMMITSBURG

The Emmitsburg Fire Company was called out twice Monday, but could not prevent a house from being damaged Monday morning or a barn being completely destroyed in the afternoon. No one was injured in either blaze.

The house was the home of Francis Hemler, three and a half miles south of Emmitsburg, on the Thurmont Rd. Mrs. Hemler and several children were in the house when the fire broke out from an overheated chimney at 7:35 o'clock. Chief John J. Hollinger said that the roof, one side wall, and the upper structure of the building were destroyed. Estimated damage at \$1,000.

The barn belonged to Curtis Topper, and was located a half mile north of Emmitsburg, near the Pennsylvania line. Firemen were called to the scene at 1:30 o'clock, but the barn was a mass of flames when firemen arrived according to Chief Hollinger. Six

claves, the property of Regis Sanders, were burned to death, and some hay, straw and fodder destroyed. No estimate of damage was available.

Power Is Shut Off

Mr. Topper was not home when the blaze broke out. Mrs. Topper discovered the fire and called the firemen, who concentrated on keeping the flames from spreading to adjoining buildings. Hollinger said that the fire "probably started from defective wiring," and said that he believed the structure was partially covered by insurance.

The wind fanned the flames, and a nearby utility pole caught fire. Power was cut off until the blaze was subdued. Traffic was also halted briefly.

The morning alarm was answered by 28 men with two pieces of equipment and 35 men and two trucks responded to the afternoon blaze.

Assault and Misdemeanor, two winners of the Kentucky Derby, were foaled in Texas. They were from the same stable — King Ranch.

Ted Kluszewski, National League home run champion in 1954, hit 49 homers but none with the bases loaded.

Cites Strong Ties

"Then there is a tendency on the part of the United States to seek to export its way of life. I know that this is a wonderful life we have here, and one would wish that all people could enjoy its benefits. But each nation seems to have its own way of life in which it takes pride.

"One might think that South America would have one way of life. But there are as many variations and attitudes there as between other nations. Some feel themselves Europeans. Others take pride in their Indian background. Some feel closely allied with the Spanish tradition. Some almost look upon themselves as British. Most speak Spanish. Brazil, with 60,000,000 people, speaks Portuguese. Brazil itself contains many variations. It ranges from temperate climates to the hot equatorial section. It has a very strong German population which gives it some of the Germanic talent and temperament. Mexico was once sadly described by a past president as 'Poor Mexico, so far from God and so near to the United States.' As you see, there are many many variations between countries, even within countries in South America.

"We are tied together, North and South America, by strong ties of business and sentiment. I think it would help greatly and increase understanding if we could work out a method of exchanging factory people, as well as students.

Wealth And Ugliness Vs. Poverty And Fun

"There are some general differences between North and South America. We feel that your education system is too technical, that you are producing robots in a cold civilization. But we are on the too academic side and produce small groups of intellectuals reciting Shakespeare.

"Your games, football and baseball, are based on teamwork. We play soccer and every man wants to be a one-man show. You use your streets when you want to go someplace else. We use our streets just for walking, just to be there.

"We find it easy to blame the United States for all our problems—even though we know better. We feel that you are a people haunted by a huge clock. You rush too much.

Our idea of time is best depicted in that painting by Salvatore Dali of limp watches. Latin Americans are never in a hurry, never in a rush. You are always rushed, so you get wealth and ulcers. We are not rushed so we get a good time and poverty."

Panel Discussions

Past District Governor Paul T. Gingrich, Lebanon, presided at the luncheon session. Special music was provided by the Methodist Home Girls Choir from Mechanicsburg while the Rev. Victor Hann, director of the choir, also led group singing for the 190 Rotarians present.

Panel discussions occupied most of the afternoon. Paul Gingrich led a panel on "Rotary Information." Others on that panel included Levi Hershey, Elizabethtown; Walter B. Kettering, Hershey; J. Emory Seitz, York, and Glenn A. Trout, Myers-town.

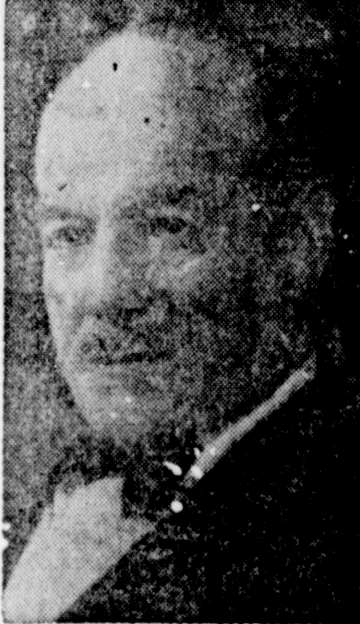

The panel on "Classification and Membership" included Charles McCafferty, Media; Albert S. Schmidt, Harrisburg, and Earl M. Godshalk, Lancaster. Other panels included: "Programs," Paul E. Guyer, West Shore; John Davidson, Harrisburg; Lewis J. Maurer, Hershey; John Page, Mechanicsburg; Willard R. Hancock, West Shore, and Philip B. Deane, York. "Music," Harold Sharr, Lancaster; J. Lloyd Hollinger, East Petersburg; Nevin Fisher, Elizabethtown; David Schroyer, Annville; Wilhelm E. Shissler, West Shore, and Benjamin Forrest, Litzitz. "Attendance," Harry Lau, Lebanon; Ralph H. Ernst, East Petersburg; Clark Burkholder, Myers-town; Adam Greener, Mount Joy; J. Gilbert Frey, Wrightsville, and Ralph W. Schlosser, Elizabethtown. "Implementing the Four-Way Test," Dr. John O. Hershey, Hershey; Arthur Addison, Lebanon; Rev. C. Eugene Blum, York; David Kreider, Palmyra; Dr. Byron E. Horne, Litzitz, and Wilhelm E. Shissler, West York. Walter J. Speaks At Luncheon

At 12:30 o'clock this afternoon a luncheon for Rotarians and Rotary Anns was served in the Eddie Plank gymnasium with Littlestown as the host club. Chairman Swaim presided. The speaker was Dr. Carlos Davila, secretary-general of the Organization of American States, Washington, D. C.

Miss Elizabeth Anne Swaim, Dillsburg, Rotary Foundation Fellow-elect, was introduced. District Governor Tivney reported that the "district has done an excellent job supporting the Rotary Foundation program of providing funds to give students an opportunity to study abroad. The most outstanding donation was that of the York club, which gave \$10,355.27 this year toward the Rotary Foundation."

Governor Tivney added, "A source of pride is the fact that the Rotary clubs of the district held 82 one hundred per cent meetings this year. Lebanon which had never before held a meeting at which 100 per cent attendance was recorded, held two this year." He praised Charles McCafferty,

JOHN L. TIVNEY

Media, district representative of the president of Rotary International, for "doing a wonderful job." A tour of the Gettysburg Battlefield, presentation of a Bridal pageant at Christ Chapel, and a tour of the Doubleday plant at Hanover were among the late afternoon features of the conference today.

FORD BEGINS GUARANTEED WAGE TALKS

By NORMAN WALKER
DETROIT (AP) — The Ford Motor Co. today joins the dramatic, high-stakes poker game being played in the booming auto industry over the union demand for guaranteed year-around employment.

Representatives of the CIO United Auto Workers start new contract bargaining talks with Ford similar to those begun last week with General Motors Corp.

Walter Reuther, president of the UAW and the CIO, has said he expects to put over the guaranteed annual wage idea with the big automobile producers, then spread it throughout the UAW's claimed 1½ million membership and eventually throughout American industry.

Both Ford and GM, while avoiding taking any public stand on the year-around pay plan, have stressed in pronouncements this week that they have done a good job in regularizing pay and employment.

Want Good Relations
Ernest R. Breech, Ford board chairman, said in a speech to New York financial writers last night that Ford is doing "everything in our power to maintain stable employment in an industry that has usually been subject to wide swings in consumer demand."

Ford workers have been averaging better than 40 hours a week of work for some time and enjoyed average \$107 weekly pay in March, Breech said. He said his company is paying out a lot of money in premium overtime pay instead of hiring workers who would only have to be laid off.

At Belleair, Fla., NAM President Henry G. Riter III said yesterday that guaranteed annual wage talk is meaningless until someone learns how to guarantee annual sales volume and income to industry.

HONORS FOR OUTLAW
DALLAS, Tex. (AP) — When Belle Starr, the woman outlaw of the old wild west, lived here in the 19th century, folks weren't so proud of her. But now they want to name a street in her memory.

Italian Girl Marries Soldier, Sees World

PITTSBURGH (AP) — Should Mrs. Marie Ruckman coin the slogan "Marry an American Soldier and See the World" she should not be blamed. Mrs. Ruckman, an Italian, met her husband, Chief Warrant Officer Albert Ruckman, when he was stationed in Italy in 1944. They were married a year later.

In 1945 the couple came to America, where their first child was born. Shortly afterwards Ruckman was transferred to Germany where the couple became parents again.

Ruckman was ordered to Japan a short time ago. En route to join him, his wife stopped off in Pittsburgh, was naturalized as an American citizen and promptly left with her children to join her husband in the Far East.

NEW QUAKE ARE REPORTED

MANILA (AP) — Widespread earthquakes Monday collapsed homes, split highways and reportedly injured an undetermined number of persons in the southern Philippines — already hard hit by disastrous tremors April 1.

There were no immediate reports of deaths. The April 1 quakes caused at least 432 deaths and left thousands homeless.

Quakes of intensity 3 to 6 on a scale of 10 panicked residents in nine cities, six of them on Mindanao, second largest island, Philippine News Service reported.

PNS said many persons were injured in the Lake Lanao area of Mindanao, which bore the brunt of the previous earthquakes.

Residents in the Marantau district on the west shore of the lake reported "a yardwide fissure extending several miles" immediately after the first shock, said PNS. "All buildings partially damaged by the recent quakes collapsed during this morning's tremors," PNS reported.

SAYS DAIRYMEN ARE TURNING TO BEEF CATTLE

By RICHARD L. GRAVES
HARRISBURG (P)—Pennsylvania's hard-pressed dairymen are turning to beef cattle in an attempt to bolster sagging incomes, the head of the state's newest livestock association reports.

"There have been a great many cases where dairymen are supplementing their dollar income by raising beef cattle," said Leon Leighton Jr., president of the Pennsylvania Livestock Breeders and Allied Industries Assn.

"Some of the more discouraged dairymen are looking into the prospect of beef production to replace dairying," Leighton declared. "The dairymen are holding on hopefully, but many are turning to beef cattle."

Affected By Prices
Leighton said that not many dairymen have converted entirely to beef production yet, but he indicated there is a trend in that direction if the current dairy price situation continues.

In Pennsylvania, as in many other dairy states, heavy overproduction has knocked the bottom out of chances to gain a fair return on investments.

Though the state's dairymen are protected to a large degree by minimum milk price regulations, they have suffered from out-of-state competition and through their own overproduction, which often winds up as hog feed instead of in the fluid market.

Meanwhile, Leighton disclosed that the PLBAIA, which was incorporated last year, has completed its organization.

To Go Over Program
"We will have an executive com-

mittee meeting soon to go over our whole proposed program," Leighton said. "We have called for suggestions and we hope to turn out a good, strong overall plan."

One of the prime aims of the association is to boost production of cattle in Pennsylvania to make the commonwealth one of the top beef producing states.

"One of the first things we are going to work on is an attempt to establish and aid a marketing program," Leighton said. "The thought behind this is that certain areas with our help may be able to establish marketing facilities."

Leighton explained that increased marketing facilities would be "one of the big things to make increased production and marketing possible."

Leighton said his organization has not planned any convention for 1955, but does hope to organize a field day and outdoor demonstration at state college, possibly in the early fall.

To Study Forestry
Forestry will be studied by nearly 100,000 Pennsylvania cub scouts during April. The idea of the program is to instruct the youngsters in the importance of the nation's forest resources.

The American forest products industries organization reports the study program will feature principles of the American tree farm system, under which recognition is given timberland owners who follow good forest management practices.

Under the tree farm program some 262,000 acres of Pennsylvania timberland has been certified.

HOT AIR FURNACE INDUSTRY SEES NEW COMEBACK

By SAM DAWSON
NEW YORK (P)—The urge to cool off in hot weather is aiding the comeback of an institution of grandfather's day—the hot-air furnace.

The warm-air heating industry is teaming up with the air-conditioning industry. Add in some assistance from the all-but-total electrification of American homes, the rapid increase in the use of fuel oil and natural gas in the heating units, and the nation's home building boom.

Result: a 45 per cent increase in sales of the warm-air heating industry in the last five years. The American Institute of Management estimates wholesale totals last year reached 183 million dollars on 773,500 units sold.

Streamlined Version
The present warm-air system isn't too much like the cast-iron furnace into which grandfather shoveled coal, to let the hot air rise through ducts to the upper floors. Now it's streamlined, made of steel, is equipped with electric blowers and fans, regulated by thermostats, and maybe heated by oil and gas.

And of late, it is increasingly being combined with cooling equipment to serve as an all-year round of temperatures in the modern conditioner of air and controller home.

The Institute forecasts that the warm-air heaters—which fell out of favor for a time—will stage an even greater comeback in the next 10 years.

It foresees a continuing sizable market for new homes, plus "an al-

LEADER SCORES STATE'S BUYING UNDER GOV. FINE

HARRISBURG (P)—The Justice Department said today that an investigation of the commonwealth medical and hospital supply-buying practices during the past administration showed such practices resulted in a loss of approximately a millions dollars a year.

Gov. George M. Leader who received a 16-page report on the probe into drug buying termed its disclosures "startling" and "fantastic."

The report charged that the purchase system utilized by previous Republican administrations was an "open invitation to graft, manipulation, bribery and extortion, price-rigging and favoritism."

Authoring the report was Deputy Atty. Gen. John Sullivan, who made a two-month investigation of purchasing policies of the department of property and supplies under the administration of former Gov. John S. Fine.

Sullivan Cites Losses
As a result of Sullivan's report, Leader immediately ordered a

parole because he likes to sing on the Kilby Prison quartet.

Orville F. Gray, 27, also surprised Parole Eupervisor E. M. Parkman when the official came to interview him in regard to parole.

speedup and top priority classification of a joint study of the overall system of state purchasing now being made by James C. Charlesworth, secretary of administration, and William D. Thomas, secretary of property and supplies.

The chief elements of loss in the medical field, Sullivan said in his list of findings, are purchases of brand or trade names rather than general names of supplies, restricting competition by demanding special packaging and otherwise limiting specifications.

"So restrictive are the limitations in drug purchases that only a few 'regulars' appear on the bid sheets at all," Sullivan's report said.

"Time after time awards appear on single bids without any competition whatever."

All this, Sullivan said, was apart from the "unestimated effect of price fixing and policing at the manufacturer and distributor level."

A governor's office spokesman said that as far as is possible at present measures are being taken to eliminate such practices.

Atty. Gen. Cohen said the report confirms a charge made last week by Democratic State Chairman Joseph M. Barr that Republicans were guilty of "financial manipulation for political profit."

Could you improve on the nail?

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU

A giant ladle pours 65 tons of iron into a natural gas-fired open hearth furnace. When further processed this will supply enough steel to make nails for 500 six-room houses. Natural gas is supplied U. S. Steel's Donora Steel and Wire Works by Equitable Gas Company and The Peoples Natural Gas Company, both customers of Texas Eastern.

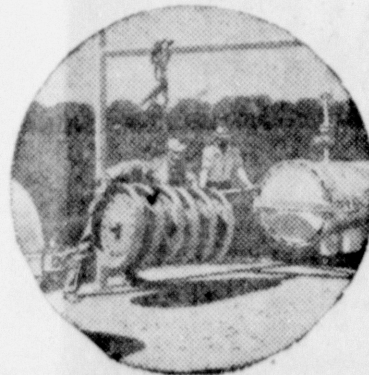

To join two pieces of wood together quickly, firmly and economically — you still can't beat the humble nail. In fact, nails do such a good job, that last year this country produced 1,680,000,000 pounds of them! Mass production of high quality steel nails is possible only because of modern production methods, such as natural gas-fired re-heating and open hearth furnaces. U. S. Steel's American Steel & Wire Division at Donora, Pennsylvania, uses natural gas because it is clean... economical... and the necessary high temperatures can be exactly controlled. An adequate and long-range supply of natural gas is being made available to Midwestern, Appalachian and Eastern plants by Texas Eastern.

News Briefs

CUXHAVEN, Germany—The 500-ton German coastal ship Haren sank in defense fog Monday off Cuxhaven after being in a collision with the 7,207-ton Greek steamer Igor, shipping authorities reported.

The 10 persons aboard the Haren, including the captain's wife and child, were rescued by the Greek ship and later transferred to a German rescue vessel.

Nobody was reported injured.

The Igor was bound for Hamburg with a cargo of coal. It was not known immediately if she was damaged.

SEOUL—The prosecutor's office said Monday four persons will go on trial in a week or two on charges of plotting assassination of President Syngman Rhee. They were indicted Saturday.

The four were among seven arrested last month in a police raid on what police officials called a Communist cell hideout. Police withheld further details.

NEW SUB WILL GET NEW TESTS

WASHINGTON—The atomic submarine Nautilus will head out to sea soon to test her speed and stealth against the best of the Navy's antisubmarine forces on a "shakedown" cruise of thousands of miles.

The Nautilus' crew already has sailed her more than 3,000 miles and dived almost 100 times. But most of this has been to test her mechanical performance for the Electric Boat Division of General Dynamics Corp., which built her, and for study by Navy technicians.

The purpose of a shakedown cruise for a conventional submarine lasts between two and four weeks, but it was learned, that of the Nautilus will extend far longer than that and over much greater distances. There was no indication, however, that this first real sea cruise would be a test of the claimed round-world cruising capability of the first atomic submarine. Such a demonstration may come later.

DEATHS

By THE ASSOCIATED PRESS
MONROVIA, Liberia—Jesse D. Locker, 64, U. S. ambassador to Liberia and before his appointment as ambassador in 1953 a prominent Negro attorney in Cincinnati, died Sunday.

DUBUQUE, Iowa—William S. Jacobsen, 68, former congressman from the 2nd Iowa District. Born in Clinton, Iowa. Died Sunday.

ST. LOUIS—Frederick P. Hankerson, 54, executive director of Associated Cooperage Industries of America and former newspaperman with The Associate Press in Louisville, Ky., the Louisville Courier-Journal, the Racine (Wis.) Journal, Omaha World-Herald and Wisconsin State Journal in Madison, Wis. Died Sunday.

DETROIT—John Gunnerson, 14, was killed yesterday by a homemade javelin flung in play by his best friend.

Ronald Brandon, 14, tearfully told police he "heaved the javelin fashioned from a 5-foot piece of base board molding and tipped with a carpenter's file. John suddenly darted into the path of the javelin. It struck him at the base of the skull.
